VOTE TO APPROVE THE GROW TOGETHER CAPITAL CAMPAIGN

After receiving input from the church body and reviewing the proposed renovations and enhancements to various ministry areas, the Board of Stewards believes God is calling Alamo Heights United Methodist Church to launch a capital campaign that will position our campus to serve the current and future needs of our community. These campus renovations and enhancements will allow people—now and generations into the future—to experience the transformative love of Christ. The estimated campaign fundraising need, including fees and inflation, is \$5,700,000. The completion of the Grow Together projects will:

- **Enhance spaces for children and youth**
- **Establish an inviting atmosphere to support our commitment to welcome all people**
- **Improve campus security**
- **Create accessible spaces for everyone**
- **Update worship and group meeting spaces to foster spiritual development and connection to AHUMC**
- **Establish funds for kitchen equipment and emergency repairs**

The AHUMC Board of Stewards hereby moves that the church approve the Grow Together Capital Campaign.

VOTE TO APPROVE THE ESTABLISHMENT OF THE GROW TOGETHER BUILDING COMMITTEE

The Board of Stewards of Alamo Heights United Methodist Church hereby moves to establish a building committee to oversee the work of the Grow Together campus renovations and enhancements. The building committee will be accountable to the AHUMC Board of Trustees and will be authorized to accept and sign contracts and agreements in accordance with the requirements outlined in the campaign documents. The building committee will also oversee and authorize funding of the campaign projects not to exceed total commitments to the campaign.

Notwithstanding the foregoing, if warranted, the building committee will be authorized, on Board of Trustees approval, to obtain interim financing not to exceed total commitments in order to complete campaign projects.
